### The Mis-Arrangement of Sana Saeed

Perfect for fans of Sonali Dev and Uzma Jalaluddin, Noreen Mughees's immersive debut novel reunites star-crossed childhood sweethearts against all odds, only for their second chance to clash with their parents' strict beliefs. Thirty-three-year-old hijabi Sana Saeed has put away her childhood dream of *ishq*—an all-consuming, sweeping love. The arranged dates she's agreed to have failed time after time, and she has responsibilities to consider—namely her sweet, autistic younger brother, Zia. Sana and Zia are a package deal, and she wouldn't have it any other way. But their traditional mother won't allow Sana to be named as his future guardian . . . unless she's married. When Daniel Malik walks into Sana's office at the Department of Environmental Conservation, she's astonished—their childhood friendship has been a cherished memory ever since a feud between their families put an end to it eighteen years ago. But there's no chance of them becoming close again; Daniel may be as hot as a Bollywood heartthrob, but not only is he Sana's new boss, her mother would disown her if she ever brought him home. With the clock ticking, Sana agrees to a marriage arranged by her family. She's seen plenty of arranged marriages grow into love; maybe that will happen for her too. But when a high-stakes case at work forces Sana and Daniel to team up, they find themselves less able—and willing—to play their parts of "good desi children." Now Sana must make a choice: family and security, or the one man who claimed her heart long ago.

### A Wonderful Country

"When Bill Magie began taking canoe trips in the wild country along the Minnesota-Ontario border, there were places where the lakes were so crowded with logs heading to the mill, that his group put their gear on a horse-drawn wagon to portage to a spot where they could paddle. There were other places where they could travel for two or three weeks and see no except an occasional Indian family. Bill's stories originate from the Canoe Country -- today's Boundary Waters Canoe Area Wilderness, Voyageur National Park, and Quetico Provincial Park. But they are not the dry facts of the past. (Some would argue that there are few facts to be found in these stories!) Instead, they are full of the elements that still draw us to this wilderness area today -- wolf howls, sparkling water, storms, solitude, stillness, adventurous undertakings, relics of bygone days, campfires and camaraderie. Take this book on your next canoe trip, and imagine Bill has joined you, spinning tales of lumberjacks and trappers, surveying the border, flying bush planes when flying at all was a novelty, camping before nylon and plastic and freeze-dried food, hunting and fishing when you succeeded or went hungry. Find stories about the places you visit: Curtain Falls, Prairie Portage, Granite River, Knife Lake, Basswood, Saganaga -- and so many more. And know that the spirit of those who have loved this place lives on as today's paddlers discover what a wonderful country this is"--Front flap.

### Hey, Doc! Are You Listening to Your Heart?

If you want to help change medicine, give this book to your doctor. Hey, Doc!, the true story of Dr. Richard Sheff's personal journey through medical training as a family physician, shows us a new way to understand doctors (and ourselves as patients). "I knew then, as now, there is something terribly lacking in how we take care of patients and train physicians... Over two decades in medicine has taught me that the most potent tool for healing we as physicians have is our heart. But each of us must learn to listen to our own heart before we can touch and heal the hearts of our patients." While this book is a must read for anyone considering a career in medicine, Hey, Doc! speaks to the patient in all of us. Readers will understand their own doctor and come away with new hope that, when sick and most vulnerable, they can be heard, understood, and touched by their physician. Dr. Sheff teaches us the surprising truth that, in their hearts, doctors yearn for the same connection with us.

Hey White Boy, Conversations of Redemption is a profoundly authentic and moving memoir that delves into the transformative journey of Sonny Von Cleveland. Raised in a small town in Michigan, Sonny's childhood was marred by unimaginable sexual molestation, which shattered his innocence and left him grappling with profound emotional scars. Unable to cope with the devastating abuse, Sonny's once

gregarious and outgoing nature gave way to anger and rebellion. By the age of seven, he faced his first felony charge, and the downward spiral continued, leading him to prison at sixteen and again at twenty-one, resulting in eighteen years behind bars. However, Sonny's path took an unexpected turn amidst the darkness of his incarceration. During 19 months in solitary confinement, he encountered a fellow inmate—a wise Muslim man—who would become his mentor. Through their profound conversations and teachings, Sonny embarked on a journey of self-examination, forgiveness, and personal accountability. Sonny shares his remarkable transformation from victimhood to self-actualization and redemption in *Hey White Boy*. This memoir is a testament to the power of resilience, the importance of letting go, and the capacity for personal growth.

*Can We Talk? The Power and Influence of Talk Shows* explores the talk show genre and how it affects society. Dr. Scott, a noted expert on social issues and a sometime radio talk show host, provides a savvy overview of how and why today's talk shows and their hosts have become so controversial, compelling, and powerful (especially if they own part or all of their own show). The first half of the book focuses on radio talk shows, the second on television talk shows. These two sections start with detailed histories of how talk shows began with the birth of each of these media over a half century ago. Subsequent chapters highlight the big movers and shakers in these arenas, with brief looks at how top hosts, e.g., Oprah Winfrey, Barbara Walters, Larry King, Howard Stern, David Letterman, and Rush Limbaugh, found professional and financial success. *Can We Talk?* is a remarkably fair and balanced look at a profit-driven industry for which critics and supporters have become adversarial in arguing their competing claims, such as advocating free speech and free markets versus upholding social and community values. Anyone interested in talk shows and their impact on society, as well as social scientists, behavior therapists, and psychologists, will benefit from Dr. Scott's incisive comments as a social scientist, host, and panelist.

Hey! No Peeking

**A GODLY MANS GUIDE TO COVERING THE WOMAN OF GOD FROM A W.O.W.W.W.W WOMANS PERSPECTIVE** In view of what has been established in my Trilogy for both males and females, leaders and laymen, this journey continues as a spin-off from: *God, Why Didnt He Cover Me?* As I have been

criticized about the wording of the current book title, I need you to roll with me on this one. As this book has become a personal conversation with my race of people, reader discretion is advised. If it had been intended for Esau's descendants, I would have asked: Hey Adam, Where Art Thou? But since God has expanded my ability to communicate an exclusive message, this book has been deliberately downloaded for the Tribe of Judah. In translating the artistic nature of Heaven onto the earth, I need you to comprehend the words that are coming out of the Father's mouth. Disclaimer: Just as this intriguing component continues to offer a unique smorgasbord of legitimate inquiries that may not fit the typical reader's practical perspective, the project is intentionally informal with jargon-laden language that may not be acceptable by church folks and academic audiences. So if you are the traditional, super-spiritual Christian that's speaking in super-sonic tongues, this book will likely press your religious buttons. Even as the progressive theology may go beyond the capacity of your traditional beliefs, your personal opinions are no indication that God has stopped speaking (see Mt. 4:4). So in viewing the world with an inquisitive eye that may not fit the general patterns, I trust that you will notice that this book treads on prophetic territory. Now that I have pre-warned you of the inevitable, I invite you to explore a very rare assessment of the first and last Adam. Especially rewarding for the reader who values the fact that Adam was the figure of HIM who was to come, my question is: Could it possibly be that Adam was engaged in covering his bride and not preoccupied with hiding his sin? In my opinion, because Eve was the weaker vessel, Adam took the fall and willfully gave up his immortality, in order to become her covering. Why? So that there would be no record on Earth suggesting that the world was in sin because of her transgression. For as by one man's disobedience many were made sinners (Rom. 5:19a). Why Adam would demonstrate perfect love and give up immortality for the love of a woman is really the focus of my investigation. Why Jesus would give up immortality and leave the Father to die on an old rugged cross is a large part of the conclusion. Evidently, when God looks at us, He sees Jesus, but when He looked at Eve, He saw Adam. All over the world, Jesus was the Lamb, but Adam, you da man because you took a stand. Brace yourself, as this provocative revelation may likely augment your investment. In my southern colloquial and best Ebonics, allow me to say it like I'm feeling it, Hey Adam, where you at? I'm gonna need you to take a stand, and be da man! Come on y'all, let's get back to Eden!

#### Settlers: When It Comes To Love Never Settle

The "thoroughly fun . . . [and] crazy good" memoir about one man's life and how it was changed by the legacy of a rockabilly legend (Chicago Sun-Times). Buddy Holly, icon: black horn-rimmed glasses, blue jeans, a white T-shirt, white socks, loafers, and "Peggy Sue." Not so much to Gary W. Moore. Admitting he "grew up in a Rock & Roll vacuum," Gary favored jazz. He couldn't name a single Buddy Holly song. Buddy Rich? Yes. But that changed in a single evening when Gary was dragged along to a Winter Dance Party in Cedar Falls, Iowa—a tribute to Buddy's final, tragic 1959 tour. It was headlined by musician extraordinaire John Mueller, whose uncanny recreation of the legend was hailed by Buddy's own brother Travis as "the best I've ever seen." It took just one song to seize Gary's heart and soul. From then on, for Gary, it was everything Buddy. In this inspiring "rock-and-rollercoaster of a read", Moore shares his personal journey to learn more about Buddy's life, music, his influence, his impact, and the times in which he lived (Bill Guertin, author of Reality Sells). He'd meet Buddy's friends and family, celebrities, Buddy Holly fans, and make a new friend himself in John Mueller. The result is "as American as apple pie and as compelling as Don McLean's legendary hit about The Day the Music Died" (James Riordan, New York Times—bestselling author).

The Hoka Hey Motorcycle Challenge is an endurance ride that takes participants across the United States. Riding 20 hours a day or more for 7-12 days straight, they traverse back roads, brave dangerous conditions and battle mental and physical exhaustion. Fewer than 10 percent of participants are women. They take on the challenge and they excel! Chronicling the journeys of 14 women who participated in the Hoka Hey (Lakota for "Let's do it!") from 2010 to 2013, this feminist cultural analysis relates their often harrowing stories of life on the road and draws comparisons to women in other sports.
