Always ... Before you place your car seat in the vehicle, unclip the tether and drape it over the top of the seat. You should first install your car seat normally using the vehicle belts or the LATCH system.

Please refer to your owner's manual for specific instructions.

Let some slack out of the tether strap by pressing on the button on the adjuster ...

and pushing the adjuster toward the hook until you have let out enough strap for the hook on the end to reach the tether anchor

Clip the tether hook onto the vehicle anchor.

Now pull the free end of the tether strap toward you until all slack is removed

If you want to remove the tether, simply push the button to release some slack in the belt... and remove the clip.

Always make sure that you properly store the tether strap on the back of the car seat when it is not used, as it could cause injury if not secured.

This video is not intended to replace your car seat and vehicle owner's manual. Always read and follow your owner's manuals.
