Il musigatto. Metodo per lo studio del pianoforte. Primo livello

At long last, the secrets of Tower of Power drummer David Garibaldi's groundbreaking funk/jazz fusion drumming techniques are presented in this innovative book. Whether you play rock, heavy metal, jazz or funk, you'll learn how to incorporate Garibaldi's contemporary "linear" styles and musical concepts into your playing as you develop your own unique drumset vocabulary. Funk/Jazz techniques are highlighted in chapters on development of the "Two Sound Level" concept, Four-Bar Patterns, Groove Playing and Funk Drumming, followed by a series of challenging exercises which include 15 Groove Studies and 17 Permutation Studies. These techniques are combined with modern musical ideas that will help you build a solid foundation and add finesse to your bag of tricks.

Future Sounds

Anyone with basic keyboard skills (equivalent to Alfred's Basic Piano, Lesson Book 2) can dig right in and begin learning jazz right away. Spanning from the major scale and basic triad theory all the way through 7th chords, pentatonic scales and modulating chord progressions, this book features a full etude or tune demonstrating every new concept introduced. Beginning Jazz Keyboard breaks the age-old tradition of dry, intimidating and confusing jazz books, and provides an actual step-by-step and enjoyable method for learning to play in this style. The DVD demonstrates examples and offers opportunity to play along.

Complete Jazz Keyboard Method

George Lawrence Stone's Stick Control is the original classic, often called the bible of drumming. In 1993, Modern Drummer magazine named it one of the top 25 drumming books of all-time. In the words

of the author, this is the ideal book for improving "control, speed, flexibility, touch, rhythm, lightness, delicacy, power, endurance, preciseness of execution, and muscular coordination," with extra attention given to the development of the weak hand. This indispensable book for drummers of all types includes hundreds of basic to advanced rhythms and moves through categories of single-beat combinations, triplets, short roll combinations, flam beats, flam triplets and dotted notes, and short roll progressions.

Music Moves for Piano

The ideal hands-on reference for piano students who want to strengthen their skills and refine their technique--and the perfect companion and next step to the bestselling Piano For Dummies. Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

Stick Control

This popular volume offers practical training in well-articulated pianistic passage work, particularly in playing the virtuoso music of the romantic period. In addition to this, each study is a complete music composition, demanding attention to dynamics and phrasing. Students who master Opus 299 have indeed progressed a long way in the "school of velocity." Available in a 112-page complete volume or in two separate books.

Piano Exercises For Dummies

The Sight Reading Books teach sight reading in a systematic way by creating exercises based on the same concepts that students are studying in the Lesson Books. Also includes rhythm sight reading drills and improvisation exercises to develop tactile freedom on the keyboard. Exercises are short and the music is generally easier than the corresponding pages in the Lesson Book.

School of Velocity, Op. 299 (Complete)

This book Modern Piano contains 90 easy original pieces from the 20th and 21st centuries. The pieces selected display a great variety of styles including New Music, neoclassicism, modern dances, jazz, blues, pop, rock, musical studies, meditative music, New Age music and more besides: a colourful range of different styles, sometimes blurring the distinction between classical and popular music in 'crossover' pieces that bridge the gap between different musical worlds. The little pieces selected invite us to go on a musical journey of discovery, introducing new experiences using modern sounds and rhythms. All these pieces are suitable for tuition purposes, auditions, examinations and school music competitions – or just as stimulating repertoire for pianists interested in music.

Alfred's Basic Piano Course: Sight Reading Book 1A

The author proposes, through this book, an alternative approach to the piano, which completes, perfects and updates traditional methods. This collection, designed to allow the beginner student to be able to perform a piece of music from the first lessons, intends to provide valuable help to transform the piano into a pleasant travel companion through a progressive and rewarding approach. The 55 pieces, captivating and modern, deal with the most varied technical and musical aspects. The collection includes 41 two-handed pieces, 9 three-handed and 5 four-handed. The volume also includes audio tracks, downloadable for free from the author's website, with all the songs in the book.

Introducing Music

Learn to play one of Bach's most exquisite preludes in just 6 weeks, even if you have never played the piano before. An accessible and inspiring book by the pianist and international bestselling writer James Rhodes, who promises that it gives anyone with two hands, a piano or an electric keyboard and just 45 minutes a day the tools they need to learn to play Bach's Prelude No. 1 in C Major in 6 weeks, even if they know nothing about music and have never even touched a piano before. How often do we convince ourselves that it's just too late - too late to learn how to ride a bike, too late to know how to meditate, too late to travel the world... As we get older and time slips through our fingers like water, we become resigned, almost defeatist, about abandoning our dreams. For James Rhodes, after the inevitable "How many hours a day do you practice?" and "Show me your hands\

Fundamentals of Piano Practice

These short etudes explore a variety of keyboard patterns and articulations. The studies, limited to key signatures of three sharps or flats or less, develop legato phrasing, dynamic graduations and voicing. Approximately the same level of difficulty as Köhler's 12 Easy Studies and Czerny's Practical Method for Beginners, Op. 599 and The Young Pianist, Op. 823.

Practical Method for Beginners, Op. 599

The three-volume collection Mini Maestro presents little piano pieces advancing progressively from very easy to intermediate level, presented in chronological order across five centuries from the Baroque, Classical, Romantic and Modern eras through to jazz, pop and minimal music. At the end of each volume – under the heading More fun to play together – there are three additional pieces for piano duet. All the pieces are easy to learn and offer varied repertoire as an ideal supplement to any piano tutorial method with music suitable for concert performance, tuition purposes, examinations and competitions. Book 1 contains pieces in the five-finger range at various pitches, followed by pieces spanning an octave range with simple rhythms and easy chord sequences. Also featured are differing styles of articulation, melody in the left hand, octave or ottava signs, pieces in major and minor keys with key signatures of up to one sharp or flat. Book 2 contains pieces with an extended range of two octaves and chord sequences with three or four parts, including inversions. Other features include using the pedal, simple ornaments, basic polyphony, differentiating melody and accompaniment, pieces in major and minor keys with key signatures of up to two sharps or flats. Book 3 contains pieces with a range of up to four octaves with more demanding rhythms and speeds. Also included are subtle contrasts in tone, playing with expression, playing more than one part with one hand and advanced polyphony in major and minor keys with key signatures of up to three sharps or flats.

Perception And Cognition Of Music

&"Incompiuto. La nascita di uno stile&" è la prima e unica indagine, frutto di dieci anni di ricerca sul campo, di un fenomeno molto discusso nel nostro paese ma non ancora completamente riconosciuto: la presenza massiccia sul territorio di edifici e infrastrutture la cui realizzazione non si è mai conclusa.

La dimensione del fenomeno, l'estensione territoriale e le incredibili peculiarità architettoniche fanno dell'Incompiuto il più importante stile architettonico italiano dal dopoguerra a oggi. Questa è la tesi che sostiene, in modo provocatorio ma ineccepibile, il gruppo di lavoro che in questi anni ha raccolto migliaia di scatti, ha vagliato centinaia di segnalazioni su tutto il territorio nazionale, a partire dalla Sicilia, per poi risalire la penisola. "Incompiuto. La nascita di uno stile" accompagna il lettore in un moderno Grand Tour, tra le rovine contemporanee. Testi di: Alterazioni Video, Marc Augé, Marco Biraghi, Davide Giannella, Filippo Minelli, Leoluca Orlando, Antonio Ricci, Salvatore Settis, Robert Storr, Paul Virilio, Wu Ming. Fender Stratocaster Manual

Use the new, enticing, and highly portable event-driven runtime to simplify building resilient and scalable microservices for cloud and edge applications

Key Features

- Build resilient, stateless, and stateful microservice applications that run on the cloud and edge
- Solve common distributed systems such as low latency and scaling using any language and framework
- Use real-time and proactive monitoring tools to support a reliable and highly available system

Book Description

Over the last decade, there has been a huge shift from heavily coded monolithic applications to finer, self-contained microservices. Dapr is a new, open source project by Microsoft that provides proven techniques and best practices for developing modern applications. It offers platform-agnostic features for running your applications on public cloud, on-premises, and even on edge devices. This book will help you get to grips with microservice architectures and how to manage application complexities with Dapr in no time. You'll understand how Dapr offers ease of implementation while allowing you to work with multiple languages and platforms. You'll also understand how Dapr's runtime, services, building blocks, and software development kits (SDKs) help you to simplify the creation of resilient and portable microservices. Dapr provides an event-driven runtime that supports the essential features you need to build microservices, including service invocation, state management, and publish/subscribe messaging. You'll explore all of those in addition to various other advanced features with this practical guide to learning Dapr. By the end of this book, you'll be able to write microservices easily using your choice of language or framework by implementing industry best practices to solve problems related to distributed systems. What you will learn

- Use Dapr to create services, invoking them directly and via pub/sub
- Discover best practices for working with microservice architectures
- Leverage the actor model to orchestrate data and behavior
- Use Azure Kubernetes Service to deploy a sample application
- Monitor Dapr applications using Zipkin, Prometheus, and Grafana
- Scale and load test Dapr applications on Kubernetes

Who this book is for

This book is for developers looking to explore microservices architectures and implement them in Dapr applications using examples on Microsoft .NET Core. Whether you are new to microservices or have knowledge of this architectural approach and want to get hands-on experience in using Dapr, you'll find this book useful. Familiarity with .NET Core will help you to understand the C# samples and code snippets used in the book.

Patterns is one of the most comprehensive drum methods available. Covering a wide range of materials, the books can be used in any order, or in any combination with one another. They are a must for developing the kinds of skills necessary for drumset performance. In Sticking Patterns, Gary's unique approach to the use of stickings on the set is explored. Completely different from the rudiments, Gary's system is designed specifically for drumset performance, both for creating time feels as well as for filling and soloing. Also included are sections on accented single strokes, as well as the use of double strokes on the set.
