Sigues caminando por el bosque y de pronto ves un animal, ¿qué animal ves?

¿Cómo interactúas tú y el animal?, es decir, ¿Qué pasa entre el animal y tú?

La casa de tus sueños que estás viendo ¿tiene reja o algo que la proteja?

Sales de la casa por la puerta trasera y te das cuenta de que hay una taza tirada en el piso. ¿De qué material está hecha esa taza?

¿Cómo haces para cruzar el agua?

El análisis es el siguiente

La persona con la que estás caminando es la persona más importante en tu vida.

El tamaño del animal que viste representa la percepción que tienes sobre el tamaño de tus problemas.

El grado de interacción que tienes con el animal representa como manejas tus problemas, es decir, como eres de pasivo o de activo ante un problema.

El tamaño de la casa de tus sueños representa lo ambicioso que eres para resolver tus problemas. Si en la mesa no viste comida, gente o flores, entonces generalmente eres una persona infeliz.

El tamaño del cuerpo de agua que viste representa el tamaño de tu deseo sexual.

Lo que te mojes al cruzar el agua, indica la importancia relativa de tu vida sexual.
