Start

[Orchestra] The Free Orchestra from Project Sam - Includes a lot of highly professional, extremely good sounds for scoring, as well as for orchestral parts in various genres. Probably the most professional free orchestral library out there. A very useful freebie.

[Orchestra] The Alpine Project - A collection of instruments made from public domain samples. Very useful strings, brass and woodwinds sections.

[Piano] Amore Grand Piano from Precisionsound - Beautiful grand piano, probably my first choice.

[Piano] Piano in 162 from Ivy Audio - An alternative piano option, very highly responsive and dynamic.

[Trombone, Solo Vocal, Drums] Carpenter Trombone, Clare Solo, Scott Drums - Very professional sounding freebies from Ivy Audio, especially the trombone, but the solo vocal is stunning too.

[Guitar] Pettinhouse Audio Guitars - Acoustic Guitar, Electric Guitar, Classical guitar, as well as some useful keyboard patches are great freebies as well. They include very realistic noises of frets - highly detailed sampling.

[Various Instruments: World instruments, Pianos, Guitars, Orchestras, etc.] Bigcat Instruments List - Probably the biggest free resource out there. Hundreds of free-to-use sounds are available on the Bigcat Instruments site. It definitely includes some gems, like some of the world instruments.

[Various Instruments: Band, Choir, Orchestral, Synths, Urban Beats, Vintage, World] Kontakt Factory Selection - The most widely known, yet extremely usable library. It comes with the full version of Kontakt and can get you started with some very useful sampled instruments of all kinds.

El camino hacia el amor propio

Quererse a uno mismo

El amor empieza por casa

Muchas veces nos autoinfligimos

El presente libro va dirigido a...

Enamórate de ti

Autocastigo

Creencias y teorías

Yo no puedo ganar o esto no es para mí o no valgo nada

Te quitarás de encima el incómodo miedo al ridículo y la necesidad de aprobación

Señalaré los cuatro aspectos que a mi modo de ver son los más importantes a la hora de configurar la autoestima general

La represión autoimpuesta

Todo o nada

Piensa más en las opciones y en las excepciones

No te coloques metas inalcanzables

No verás las estrellas

Sería lo ideal

Las metas imposibles

La reevaluación objetiva y franca de tus aspiraciones

La belleza física

El peso de la comparación

La necesidad de ser hermoso

La lupa personal

Espejito espejito

El criterio de belleza giraba alrededor de la buena alimentación

En cuestión de gustos, no hay errores o no hay disgustos

Start

[Orchestra] The Free Orchestra from Project Sam - Includes a lot of highly professional, extremely good sounds for scoring, as well as for orchestral parts in various genres. Probably the most professional free orchestral library out there. A very useful freebie.

[Orchestra] The Alpine Project - A collection of instruments made from public domain samples. Very useful strings, brass and woodwinds sections.

[Piano] Amore Grand Piano from Precisionsound - Beautiful grand piano, probably my first choice.

[Piano] Piano in 162 from Ivy Audio - An alternative piano option, very highly responsive and dynamic.

[Trombone, Solo Vocal, Drums] Carpenter Trombone, Clare Solo, Scott Drums - Very professional sounding freebies from Ivy Audio, especially the trombone, but the solo vocal is stunning too.

[Guitar] Pettinhouse Audio Guitars - Acoustic Guitar, Electric Guitar, Classical guitar, as well as some useful keyboard patches are great freebies as well. They include very realistic noises of frets - highly detailed sampling.

[Various Instruments: World instruments, Pianos, Guitars, Orchestras, etc.] Bigcat Instruments List - Probably the biggest free resource out there. Hundreds of free-to-use sounds are available on the Bigcat Instruments site. It definitely includes some gems, like some of the world instruments.

[Various Instruments: Band, Choir, Orchestral, Synths, Urban Beats, Vintage, World] Kontakt Factory Selection - The most widely known, yet extremely usable library. It comes with the full version of Kontakt and can get you started with some very useful sampled instruments of all kinds.
