

Pluto And Lowell Observatory

[#Pluto](#) [#Lowell Observatory](#) [#Discovery of Pluto](#) [#Clyde Tombaugh](#) [#Dwarf Planet](#)

Lowell Observatory in Flagstaff, Arizona, holds a significant place in astronomical history as the site where Pluto was famously discovered by Clyde Tombaugh in 1930. This landmark event not only expanded our knowledge of the solar system but also set the stage for future planetary explorations and discussions, eventually leading to Pluto's reclassification as a dwarf planet. The observatory continues its legacy in planetary science and public engagement.
