Intro

First, the tubes and fins are cut, shaped, and assembled to create the core structure

After the core undergoes brazing and the radiator tanks are assembled & connected to the core, an airtightness test is conducted

The Atesci blanking and cupping press is an automated machine that cuts and shapes metal strips into cups with precision and accuracy

FlowForm wheels are produced using a casting process known as flow forming, combining the advantages of both cast & forged wheels

Flow forming squeezes and stretches aluminum, refining its crystalline structure for a strong inner barrel

After cleaning and powder coating, wheels are physically tested for radial strength, cornering performance, and impact resistance

Jonnes Way wrenches are made from premium steel, ensuring endurance and performance

In the beginning, the raw material is heated and elongated through rolling and forging, increasing overall strength

The Wrench blanks undergo chemical grinding and hand polishing for a smooth finish

The Wrenches are stamped with the Jones Way logo and item number before undergoing heat treatment

After that, they go through sandblasting and chemical grinding for a clean and

A specially designed plating technique ensures effective deposition and corrosion resistance

Finished wrenches undergo torque testing, plating examination, and quality inspection before being packed for delivery

Heat treatment and tempering ensure the desired strength levels and microstructure

Tubes are subjected to hydrostatic testing, thread protection, and final measurements before being bundled for shipping

The tanks are crafted with precision using a unique composition of materials for extra strength

The colors for the tanks are blended and mixed, guaranteeing conformance, permanence, and

Welcome

You'll need permits and licenses

Having a good location helps with parking

Dropshipping can be a good alternative

It's a very conservative industry

The largest shipping company

You can choose to lease

Big shipping names

Your shipment strategy affects your brand

You'll need a bit of political influence

Two of the richest men in the world are in shipping

Having great insurance is vital

Cargo ships are rarely inspected

It's a male-dominated industry

It's actually not the most polluting industry

Cargo ships can meet with water
